Bull's Worm Destroyer.

TO MY UNITED STATES AND WORD WIDE READERS. I have received many testimonials from pro-fessional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following letter from a highly educated and popular physician in Georgia, is certainly one of the most sensi-ble communications I have ever received. Dr. Clement knows exactly what he speaks of and his testimony deserves to be written in worth of gold. Hear what the Doctor says of BULL'S WORM DESTROYER: luntingdon, Tenn. Late of Tenn. DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials and that it wonderfully effections. It has not failed in a single instance to have the wishes for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I knew of no remedy recommended by the COMMISSION MERCHANTS. Refer to Jos. W. Allen, Ecq., McAlister & Wheeless, Hugh McCrea & Co., Thos. Park & Co. augl9 tf ticle of the kind. I am free to confess that i knew of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly from you. It I can get it upon easy terms, I shall use a great deal of it. I am sware that the use of such articles is contrary to the teachings and practice of a great majority of the RESULAR line of M. D. a, but I see no just cause or good sense in discarging a remedy which we know to be efficient, simply because we may be ignorant of tecombination. For my part, I shall make it raleto use all and any means to alleviale sude a shumanity which I may be able to communish not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge.
